

Subject: Request for Response and Resolution Regarding Team TUSI's Election Concerns

October 5, 2026

To: President Ricks Mensah
LIBAC Board of Directors
LIBAC Election Commission

Dear President Mensah, Members of the Board, and Election Commission:

This communication follows previous concerns and correspondence regarding the administration of the October 25, 2026 LIBAC General Election, including the formal letter transmitted on Team TUSI's behalf by Hull & Chandler, P.A., dated October 2, 2026.

Our counsel's letter did not simply raise concerns regarding ballot secrecy; it also identified possible alternatives for moving forward. These include considering another electronic voting method that fully protects ballot secrecy; having the electronic voting system administered by an independent, non-member third party with no interest in the election; or returning to the traditional in-person, secret paper-ballot process that our community has relied upon for more than 25 years.

Team TUSI submits this notice in the interest of constitutional governance, electoral integrity, transparency, fairness, peace, and the long-term unity of the Liberian Community Association of Metropolitan Charlotte.

Accordingly, we respectfully request a response regarding the concerns and proposed alternatives no later than October 7, 2026.

If no communication is received by October 7, 2026, Team TUSI will conclude that LIBAC intends to proceed with the election as scheduled without resolving the constitutional concerns formally presented by our counsel.

Under those circumstances, Team TUSI respectfully requests that Williams Russ and Emily Anim be removed from the ballot. Team TUSI will not participate in an electoral process that we believe disregards the supreme authority of the Constitution and Bylaws established to govern this organization.

This decision is not made lightly. We remain hopeful that one of these reasonable alternatives can provide a path forward that protects ballot secrecy, respects LIBAC's governing documents, restores confidence in the electoral process, and preserves the unity of our community.

We respectfully await your response.

Respectfully,

TEAM TUSI
